

## Gas Detector EX-301

### Introduction

ACE Electronics is one of Korean leading companies in the future-oriented field of safety products technology including security applications. Our advanced technology provides high-safety, high quality and reliability in your home and business. From high-safety to best-value solutions, you'll find an answer for all your fire and intrusion detection applications with ACE Electronics products. Dealer/installers have relied on ACE Electronics for creative ideas that make installation and service easier, reduce costs, and boost customer satisfaction. View product information for Smoke Detectors, Heat Detectors, Gas Alarm and Control Panel.

### Specifications

Detectable Gases	Natural Gas, L.P Propane Butane
Operating Temperature	-20° ~ 40°C
Sensor Type	Catalytic, Diffusion Type
Response Time	<20 Seconds
Sensing Range	LED 0 ~ 100%
Weight	1Kg
Dimension	120(W) X 130(H) X 90(D)mm
